REPORT ON SOCIAL ACTIVITY

Date : 16th January 2020

Class : MBA Ist & IInd Year Students

Venue : Village - Padvi, Tal - Daund, Dist - Pune

“We the present generation, have the responsibility to act as a trustee of the rich natural wealth for the future generations. The issue is not merely about climate change, it is about climate justice”

On Thursday, the 16th January 2020, our Management Institute comprising Students, Professors and Staff organised a social activity - ‘**Gram Swachhata Abhiyan & Vriksh Sanvardhan**’ drive at a remote village Padvi which is almost 60 Km away from Hadapsar.

The entire team reported to Institute at 8.45 am and further headed for Manjri railway station. At around 9.50 am boarded in the local passenger train and alighted at Kedgaon railway station. The team was received by the students who had planned for further conveyance. The Students accompanied by Professors and Staff mounted in the open tractor trolley and reached village Padvi at 11 am. It was an amazing ride with full of fun. The team had a unique and an empathetic experience practiced for hauling of workers to farmhouses.

We were welcomed by Shri Rajendra Shitole, Village Sarpanch and other members. At the outset brief introduction of village was given and subsequently acquainted with various good practices carried out as well as other welfare Projects in hand in village.

As we were all standing, could not resist to witness an eye catching scene. As we reached the site, they were none other than the tiny tots of Primary School, Padvi. They had organised weekly Bazaar; fully owned and managed by them. Being a management student, it was an eye opening episode wherein witnessed grooming of prospective entrepreneurs at grass root level. We were totally enthralled and felt fortunate enough to be part of Bazaar, at least for few moment.

We all further approached to a hillock in proximity, popularly known as ‘**Aaiche Ban**’. It was told that earlier the area was completely barren, however, in June 2019 the plantation drive was undertaken by volunteers. Now, the area was looking fully covered with planted saplings. Our team carried out **Shramdan** including cleanliness, maintenance and watering of plants for an hour or so. The efforts put in by each one of us was giving a deep sense of satisfaction with a complimentary assurance that the future is bright. We all had a quick lunch

brought along by each one of us and were further guided to the next site which was approximately 3 Km away.

We were briefed that the site is named as '**Sahyadri Vanrai**' which has been recently developed with relentless efforts in coordination with '**Ek Mitra Ek Vriksh**', an NGO, a eco-friendly organisation. Shri Prashant Mutha, a volunteer of NGO was present at site with his staff who guided us about the work to be executed. The entire team joined hands together and laid drip pipes, fixed the available number of tree guards and maintained plants. The plants were watered with the help of water tanker provided by Grampanchayat. The area devoid of vegetation was now seemingly giving an impression of garlanding with saplings of Banyan, Neem, Peepal and many others.

Number of rabbits and deers were spotted at far distance running helter-skelter on the barren hillock as there was no space for them to hide. The area once developed would be a safe heaven and habitat for wildlife.

Shri Rajendra Shitole, Village Sarpanch, Shri Prashant Mutha alongwith other villagers expressed sincere gratitude for the efforts put in by the team.

At around 4.40 pm, the entire team moved out from site for return journey to railway station Kedgaon. We all boarded in the local passenger train scheduled at 5.45 pm; reached at Manjri railway station at 6.30 pm and dispersed to homes.

The day spent was with full of fun and enthusiasm. The sense of satisfaction and joy was flashing on everybody's face. The time spent together as a team for common good and constructive cause of society would go a long way in shaping the life of generations to come. The day was good enough to make you realise that in addition to one's personal requirements, there is a huge scope in contributing towards human being as part of a social responsibility. It was a mesmerising day with many more carry home messages and lessons to be learnt in life.
